Help the Children of Itamar

Youth Happenings:

We will be having an ongoing bottle recycling campaign for the children of Itamar. Our first project will be to send toys for Chanukah with Eddie Wunch when he goes on his solidarity trip at the end of November. This is a great way for all the children to be personally involved in helping the children of Itamar. Please have your children recycle and bring the receipts to Shul. There will be prizes for the children who raise the most money. Our goal is \$1000.00 by November 15.
